LivePerson Announces Second Quarter 2023 Financial Results

- -- Total Revenue of \$97.5M, above the midpoint of our guidance range --
 - -- Adjusted EBITDA above the top end of our guidance range --
- --2023 Total Revenue guidance range \$388M \$400M (excludes Kasamba contribution in Q1)--

NEW YORK, August 8, 2023, -- LivePerson, Inc. (NASDAQ: LPSN) ("LivePerson" the "Company", "we" or "us"), a global leader in conversational AI, today announced financial results for the second quarter ended June 30, 2023.

Second Quarter Highlights

Total revenue was \$97.5 million for the second quarter of 2023, above the midpoint of our prior guidance and a decrease of 26.4% as compared to the same period last year as the company continues to execute on its plan to exit lower-margin and non-core lines of business.

LivePerson signed 69 deals in total for the second quarter, consisting of 33 new and 36 existing customer contracts, including 3 seven-figure deals. Trailing-twelve-months average revenue per enterprise and mid-market customer increased 14% for the second quarter to \$575,000, up from approximately \$505,000 for the comparable prior-year period. In order to provide a more consistent and meaningful measure of ARPC, we expect to calculate this metric using only B2B Core recurring revenue going forward, which is consistent with the revenue base for calculating Net Revenue Retention.

"Consistent with the expectations we set last quarter, including the completion of the restructuring plan, the divestiture and wind down of non-core business lines, and the renewed focus on the B2B Core, we posted strong financial results in Q2," said Interim CEO and CFO John Collins. "Now that we support voice interactions and leverage generative AI to address a virtually limitless range of intents, our customers can efficiently automate an estimated 75% of their aggregate conversational volume over time. At a high level, that's a potential market opportunity of 3 times today's recurring revenue just from expanding with our existing base of customers."

On July 24, 2023, Starboard Value and Opportunity Master Fund Ltd withdrew its previously submitted notice of intent to nominate three persons for election to the Company's board of directors at the 2023 Annual Meeting.

Customer Expansion

During the second quarter, the Company signed 69 total deals for the quarter, including 3 seven-figure deals, 36 expansion & renewals and 33 new logo deals. New logo deals included:

- One of the largest banks in the world;
- A digital only European bank; and
- A leading health solutions company.

The Company also expanded/renewed business with:

- Hyundai Capital America, one of the largest captive auto finance companies;
- · The leading audio entertainment company in North America; and
- · A large Australian bank.

Net Income (Loss) and Adjusted Operating Income (Loss)

Net income for the second quarter of 2023 was \$10.8 million or \$0.14 per share, as compared to a net loss of \$75.4 million or \$0.98 per share for the second quarter of 2022. Adjusted operating income, a non-GAAP financial metric, for the second quarter of 2023 was \$3.1 million, as compared to a \$12.6 million adjusted operating loss for the second quarter of 2022. The increase in profitability was partially attributable to a settlement agreement reached with former WildHealth shareholders during the quarter, which resulted in an elimination of a multi-year contingent earn-out payment of up to \$120.0 million and a reversal of previously accrued stock-based compensation, in exchange for a lump-sum payment of \$12.0 million. Adjusted operating income (loss) excludes amortization of purchased intangibles and finance leases, stock-based compensation expense, other litigation, consulting and other employee costs, restructuring costs, gain on divestiture, contingent earn-out adjustments, acquisition and divestiture costs, interest (income) expense, and other expense (income).

Adjusted EBITDA

Adjusted EBITDA, a non-GAAP financial measure, for the second quarter of 2023 was \$12.8 million as compared to an adjusted EBITDA loss of \$5.5 million for the second quarter of 2022. Adjusted EBITDA excludes amortization of purchased intangibles and finance leases, stock-based compensation expense, depreciation, other litigation, consulting and other employee costs, restructuring costs, gain on divestiture, contingent earn-out adjustments, (benefit from) provision for income taxes, acquisition and divestiture costs, interest (income) expense, and other expense (income).

A reconciliation of non-GAAP financial measures to GAAP measures has been provided in the financial tables included in this press release. An explanation of the non-GAAP financial measures and how they are calculated is included below under the heading "Non-GAAP Financial Measures."

Cash and Cash Equivalents

The Company's cash balance was \$213.8 million at June 30, 2023, as compared to \$391.8 million at December 31, 2022.

Financial Expectations

The following forward-looking measures and the underlying assumptions involve significant known and unknown risks and uncertainties, and actual results may vary materially from these forward-looking measures. The Company does not present a quantitative reconciliation of the forward-looking non-GAAP financial measures, adjusted EBITDA and adjusted EBITDA margin to the most directly comparable GAAP financial measures (or otherwise

present such forward-looking GAAP measures) because it is impractical to forecast certain items without unreasonable efforts due to the uncertainty and inherent difficulty of predicting, within a reasonable range, the occurrence and financial impact of and the periods in which such items may be recognized. In particular, these non-GAAP financial measures exclude certain items, including amortization of purchased intangibles and finance leases, stock-based compensation expense, depreciation, other litigation, consulting and other employee costs, restructuring costs, gain on divestiture, contingent earn-out adjustments, (benefit from) provision for income taxes, acquisition and divestiture costs, interest (income) expense, and other expense (income), which depend on future events that the Company is unable to predict. Depending on the size of these items, they could have a significant impact on the Company's GAAP financial results.

As previously announced, in the fourth quarter of 2022 the Company deferred recognition of certain revenue attributable to its WildHealth business due to suspension of Medicare reimbursements that was pending further review. The Company currently anticipates that the review will be completed and that it will recognize the corresponding revenue in the second half of the year, likely in the third quarter.

In terms of full year 2023 revenue guidance, we are maintaining the midpoint of \$394M, but narrowing the range to \$388M - \$400M from the prior range of \$387M - \$401M. This range excludes the \$7.2M contribution from Kasamba in Q1.

Inclusive of the Kasamba contribution in Q1, the new full year 2023 revenue guidance range is \$395M - \$407M, narrowed from the prior range of \$394M - \$408M.

As for the B2B Core, we expect recurring revenue to represent 86% of total revenue.

For full year 2023 Adjusted EBITDA guidance, we are increasing the range to \$19M - \$32M from our prior range of \$15M - \$32M, an increase of \$2M, midpoint to midpoint.

Finally for WildHealth, we continue to expect strong growth from its core business.

For the third quarter, we expect total revenue to range from \$97M - \$101M. Further, we expect B2B Core recurring revenue to represent 85% of total revenue due to a one-time increase in non-core revenue. As for adjusted EBITDA, we are expecting a range of \$5.9M - \$12.9M.

For the tables below, year-over-year growth rates are on a like-for-like basis (excluding Kasamba contribution from 2022).

Third Quarter 2023

	Guidance
Revenue (in millions)	\$97 - \$101
Revenue growth (year-over-year)	(19)% - (16)%
Adjusted EBITDA (in millions)	\$5.9 - \$12.9
Adjusted EBITDA margin (%)	6.1% - 12.8%

Full Year 2023 (excludes Consumer revenue generated in Q1 2023)

	Guidance
Revenue (in millions)	\$388 - \$400
Revenue growth (year-over-year)	(19) % - (16)%
Adjusted EBITDA (in millions)	\$19 - \$32
Adjusted EBITDA margin (%)	4.9% - 8.0%
