Disclaimer

This presentation contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Act"), and Section 21E of the Securities Exchange Act of 1934, as amended. You can generally identify forward-looking statements by our use of forward-looking terminology such as "anticipate," "believe," "continue," "could," "estimate," "expect," "intend," "may," "might," "plan," "potential," "predict," "seek," "vision" or "should," or the negative thereof or other variations thereon or comparable terminology. These forward-looking statements involve risks, uncertainties and other factors that could cause actual results to differ materially from those projected. Please refer to our filings with the Securities and Exchange Commission, particularly the "Risk Factors" included in our periodic Form 10-K and Form 10-Q reports, for factors that could cause actual results to materially differ from those we project. The forward-looking statements contained in this presentation are made as of the date hereof and LivePerson, Inc. (the "Company") assumes no obligation to update such statements.

This presentation includes non-GAAP financial measures, which complement the Company's financial statements prepared in accordance with GAAP. These non-GAAP financial measures are not intended to supersede or replace the Company's GAAP results. The most directly comparable GAAP financial measures and a detailed reconciliation between GAAP and non-GAAP financial measures is included in the Appendix to this presentation.

We obtained market, industry and other data in this presentation from our own internal estimates and research, publicly available information about our competitors, industry and general publications and research, surveys and studies conducted by third parties. While we believe that the publicly available information about our competitors, publications, research, surveys and studies that we have used is reliable, we have not independently verified the information from third-party sources. While we believe our internal estimates and research are reliable and the market definitions are appropriate, neither such estimates and research nor these definitions have been verified by an independent source.

Automation and bots help businesses succeed with a brand’s currently existing resources

+33%
A major U.S. Airline experienced a +33% increase in customer satisfaction.

90%
A Japanese Telco saw containment rates of up to 90%, and a 2x uptick in agent efficiency.

+30%
A Hospitality brand saw a +30% increase in average spend with a branded concierge bot.
We estimate a $60B opportunity in the Conversational Space. Well positioned in key verticals and expanding into new target markets.

Our **momentum** and **Conversational AI leadership** has been recognized.
2Q inflection reflects AI leadership and model adaptability

- Exceeds 2Q revenue and profit guidance and raises 2020 outlook:
  - Revenue growth rate nearly doubled year over year to 29% in 2Q as revenue of $91.6M exceeded guidance midpoint by nearly $8.0M
  - Enterprise/mid-market ARPU increased greater than 25% year-over-year to record $395,000
  - Enterprise/mid-market revenue retention rate exceeded target range of 105% to 115%
  - Closed 7 seven-figure deals in 2Q, 134 deals in total
  - Adjusted EBITDA in 2Q of $9.3M exceeded guidance midpoint by nearly $8.0M
  - Raises guidance for revenue growth in 2020 as surge in demand for Conversational AI strengthens outlook
  - Raises profit guidance as internal automation efficiencies and rigorous expense discipline power strong operating leverage
  - Increases cash balance $2M quarter over quarter to $173M
  - Targets ending the year with a minimum of $135M cash on hand and reducing cash burn to less than $50M in 2020

- Demand inflects as brands turn to Conversational AI to navigate voice call center disruption and consumer shift to digital commerce and care:
  - With social distancing shifting more consumers to digital, and voice call centers struggling at 60%-70% capacity due to work from home, brands are rushing to automate conversations at scale and to introduce messaging
  - Monthly platform conversations increased more than 40% since the crisis hit in March, with bot-based conversations up greater than 50%
  - Virtually 100% of Enterprise messaging customers are using automation and nearly 70% of all messaging conversations rely on automation
  - With nearly 50% of all messaging conversations powered by LivePerson bots now fully autonomous (up from 25% in Jan 2019), brands are materially reducing wait times for consumers and the cost to serve those conversations
  - Intent Manager analytics now ingest over 100M individual messages a month, up from just a couple of million a month at year-end 2019
  - More than 100 brands live on Proactive outbound messaging, powering millions of two-way engagements with consumers
  - Sees many instances where sales cycles compress to weeks from months and platform adoption compresses to months from years
  - Signs first State Government contract and launches AI-powered ordering Bot for Chipotle, a top quickservice restaurant chain

- Raises guidance for 2020 revenue growth to a range of 22% to 24% from 17% to 22% previously.
- Sees demand inflection as brands rush to adopt Conversational AI and messaging in wake of voice call contact center disruption and consumer shift to digital commerce and care.
- Accelerating growth outlook reflects strong year-to-date contract signings, rapid expansion in platform conversation volumes and robust 2H20 pipeline, while balancing potential risks that may arise from a poor macroeconomic environment.
- Raises guidance for 2020 adjusted EBITDA to a range of $16.0M to $19.0M from $3.5M to $10.5M previously.
- Improving profitability and margins reflect powerful operating leverage tied to internal automation initiatives and healthy expense rigor, even as invests in growth drivers.
- Continues to target cutting cash burn in half in 2020 and ending the year with at least $135.0M in cash on hand.

---

(1) Dollar amounts in millions. Adjusted EBITDA is a Non-GAAP financial measure. For a reconciliation of net loss to Adjusted EBITDA (loss), please see slide 17. For detailed current financial expectations, please see our Press Release issued on August 4, 2020.
