NEW YORK, NY - November 5, 2008 - LivePerson, Inc. (Nasdaq: LPSN), a leading provider of online communication platforms that facilitate real-time assistance and expert advice, today announced financial results for the third quarter ended September 30, 2008.

#### Revenue

Revenue from business solutions for the third quarter was \$16.7 million, a 30% increase from the third quarter of 2007, and a 6% sequential increase as compared to the preceding quarter.

#### Net Income

Net income for the third quarter of 2008 was \$0.4 million or \$0.01 per share as compared to net income of \$1.6 million or \$0.03 per share in the third quarter of 2007, and a net loss of \$0.2 million or \$0.00 per share in the second quarter of 2008.

#### **Adjusted Net Income and EBITDA**

LivePerson considers adjusted net income and earnings before interest, taxes, depreciation and amortization (EBITDA) to be important financial indicators of the company's operational strength and the performance of its business. These results should be considered in addition to results prepared in accordance with generally accepted accounting principles (GAAP), but should not be considered as a substitute for, or superior to, GAAP results.

A reconciliation of the differences between EBITDA and adjusted net income, and the most comparable financial measure calculated and presented in accordance with GAAP, is presented under the heading "Reconciliation of Non-GAAP Financial Information to GAAP" immediately following the Condensed Consolidated Statements of Income included below.

The difference between EBITDA per share, a non-GAAP measure, and GAAP EPS, is interest, taxes, depreciation, amortization and stock-based compensation. The difference between adjusted net income per share and GAAP EPS is amortization of intangible assets and stock-based compensation.

Adjusted net income for the third quarter of 2008 was \$2.1 million or \$0.04 per share, as compared to \$2.8 million or \$0.06 per share in the comparable period in 2007, and \$1.7 million or \$0.04 per share in the second quarter of 2008.

EBITDA for the third quarter of 2008 was \$2.7 million or \$0.05 per share, as compared to \$2.7 million or \$0.06 per share in the third quarter of 2007, and \$1.9 million or \$0.04 per share in the second quarter of 2008.

#### Cash

The company's cash balance is \$23.8 million at September 30, 2008 as compared to \$23.5 million as of June 30, 2008. The company generated approximately \$2.7 million from operations. Also during the third quarter, the company incurred capital expenditures related primarily to the purchase of servers and computer networking equipment, resulting in a cash outlay of approximately \$2.4 million.
